

Bauer Quad Skates – Available from Quad-Skates.co.uk from £89.99

Bauer Skates were the only boot to be seen in during the 80's and 90's. While other brands have stood the test of time, the UK Skate Scene solely relied on Bauer Black Moulded Boots as the boot to have. Unfortunately Bauer stopped manufacturing the black moulded boots in favour of synthetic ice boots resulting in the loss of the UK's favourite quad boot.

Quad-Skates.co.uk is the UK's leading refurbisher of Bauer Boots. We receive regular batches of skates in all sizes to refurbish. Check out our website for more information and current stock availability.

Ice Boot > Quad Skate Conversion from £89.99

Ice boots are the new alternative to traditional Black Moulded Bauer Boots. Ice Boots are lighter, stronger and are available in a selection of colours and now, thanks to Quad-Skates.co.uk, available with an 8-wheel conversion.

Not all skate specialists are able to make this conversion – don't worry, we have over 40 years experience making skates from scratch so your wheels and plates will be fitted correctly, aligned in parallel, pointing in the right direction.
